# OUTSOURCE IT PROJECTS

## Kickstart your Project with Outsourcing Service

Riseup Labs is a leading IT Outsourcing company in Bangladesh providing high-quality, user-centric technology solutions to international businesses since 2009. We have successfully completed over 700 projects for more than 20 countries in our 13 years' journey. Though the quality of our service is compatible with any international company, the overall project cost is typically 30% less than the West. We have highly experienced and qualified team members who are expert in successfully executing any project within the deadline.
